Nature of activities	Period	Entity	Subject matter
	2019 - Present	Federal Association of German Pathologists (Bundesverband Deutscher Pathologen)	Vice President
4a. Employment	05/2006 - Present	Department of Pathology, University Medical Centre Hamburg-Eppendorf (UKE), Hamburg	40% of my working time. My responsibilities are breast and gynaecological pathology, training of residents and students as well as research. The UKE is not involved in the German mammography screening program and the department of pathology does not serve a local screening unit.
4b. Employment (self employed)	06/2006 - Present	Private Group Practice for Pathology, Lübeck	60% of my working time. One of four partners/co-owners. The private group practice offers pathology services that cover the whole spectrum of cytopathology and surgical pathology. Our service for the local mammography screening unit amounts to about 2% of the case number handled in our lab per year. About 20% of my daily work is associated with breast pathology, mainly by serving as a consultant nationwide for second opinion. Only a minor part of this work is associated with mammography screening.
